

URETHANE FLANGE DROP GASKETS

GET THE **EAGLE EDGE!**
MADE IN THE U.S.A.

Designed with your Safety in mind!

Flange drop gaskets are molded out of durable urethane engineered for compression between two steel flanges. Gaskets are molded 1/4" thickness to help with miss alignment problems. American Eagle drop gaskets are designed for quick and easy installation. AE drop gaskets have a new two point alignment tab on top and bottom making installation more precise at the same time keeping operators fingers safe and out of pinch point areas.
