ESIAD24X24	24"X24"	65 lbs.

Custom sizes available upon request.

Designed with Safety in Mind.

Eagle Safety Inspection Access Door is designed for chute inspection and easy access for maintenance of primary cleaners and blade change out. Constructed of all steel, the doors are laser cut, formed and powder coated for a trouble free life.

UNIQUE LATCH SYSTEM

With our unique latch system, you will never lose your nuts again! Our bolt has a built-in stop so the nut can not be removed, the only one of its kind. Also, the bolt swings out of the way for easy opening. All hardware is stainless steel.
